

OUR MISSION

To respond to human needs with programs and services that protect children, promote healthy families and communities, help seniors, and empower individuals to take control of their lives.

EAC Network is a diverse 501(c)(3) social service agency that **empowers**, **assists**, and **cares** for people in need across Long Island and New York City. Our objective is to reach individuals within our community through innovative programs that improve quality of life.

A Brief History:

In 1969, four concerned women formed the Education and Assistance Corporation to help students with special needs in Port Washington, NY. Over the years, our organization's services slowly expanded to meet a growing need to help families, seniors, and individuals all across Long Island and New York City. In 2013 EAC rebranded to EAC Network in order to reflect the broad spectrum of programs and services we now provide.

What Clients Say

“My first step to recovery was admitting that my life was spiraling out of control. I will always be grateful for the assistance that I received from Nassau TASC. **They never gave up on me.**”

- Laura
Nassau TASC

“EAC Network has given me an amazing mentor. She is fun to be around and I love the fact I can be myself with her. Before I met my mentor, I was always mad, felt alone, and my grades were really bad. When I got the call saying they found me a mentor I thought nothing would change, but things did change. I started going to school. I stopped being so angry, and **I stopped feeling so alone.** Thank you, EAC Network, for my amazing mentor.”

In the News

Newsday

“Meals on Wheels is rolling into New Cassel, a community where residents have long complained of poor access to affordable food.

The expansion of existing services comes as providers of the program, which delivers free meals to seniors with limited mobility, say the area is underserved.”
