Mental Health Court Advocacy Program

The main objective of this program is to divert mentally ill & cognitively impaired at the point of arraignment (often dually diagnosed with drug and alcohol abuse) from further adjudication and confinement.

Our staff appears in arraignment court from 9:00 AM until 9:00 PM.

Our program offers services for individuals:

- All services are confidential.
- Require short-term intensive case management services (anywhere from 1 to 90 days) or require continued long-term case management.
- Can be mandated by the Court to comply with our case management services, which may require supervision upon release.
- Are willing to work and comply with the program on a voluntary basis.

We offer a **SAFE PLACE**

where individuals with **special needs** can have individual one-on-one support.

We have individually-based referrals for:

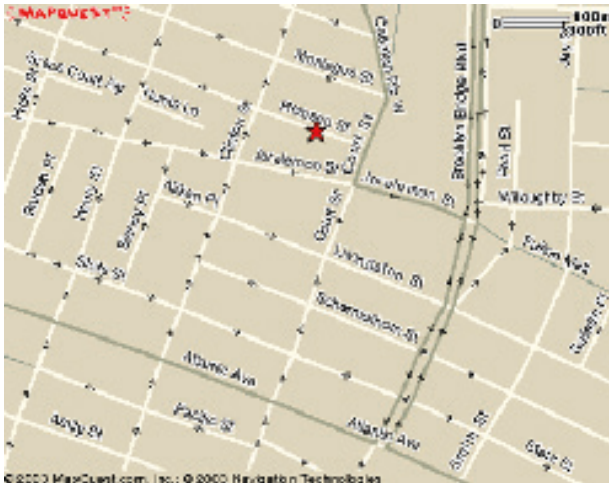

- Psychiatric assessments

- Benefits
- In-patient treatment
- Out-patient treatment
